about 10:30 AM, a Mrs. Vojick (?) [Mrs. John Vojick, 44 Belmont; 282-2349] ^{Rosary} called and asked me if her son could borrow my top hat for the Parise wedding at 12:30 PM today at Saint Rose. She first called HLRP who then referred the matter to me. No Vojick boy came by at 12:20 PM and I let him borrow the hat. How interesting to be known as the owner of a top hat! He motioned me to get in the car, and off we went to the High School, where JVB was to pick up his motorcycle and his friend from Forest City was to get his car back. John drives a car with the same savor fare that he drives a motorcycle. He didn't have an extra helmet on the bike and so his friend dropped me off at City Hall, and shortly thereafter JVB appeared and went to work at the Library. His bike was parked in front of 13 Park Place. I went over with some records to return and to make my presence felt and known. JVB was getting in-
